

INSTALLATION REFERENCES

40 Years of UPS installations

The Hitec Power Protection history of power provision is unparalleled in the UPS industry. From its outset as a supplier of UPS systems to the Dutch PTT in 1956, to its present position as a provider of major UPS and Dual Output systems to corporate users, Hitec Power Protection has maintained a record for technical excellence and unmatched reliability. These capabilities are reflected in the extensive and impressive list of users, some of which are shown below.
